

# Taiwan Institute for Governance and Communication Research (TIGCR), 2018: Taiwan Government Bureaucrats Survey (TIGCR-TGBS 2018).

q97. Suppose that one of these two patients never smoke, and the other is a chain-smoker who smokes for plenty of years. Other conditions of these two patients are the same. Who do you think should receive the heart transplant first?

## Sample citation of the data source

Data analyzed in this article [paper, book, chapter, report] were from Taiwan Institute for Governance and Communication Research (TIGCR), 2018: Taiwan Government Bureaucrats Survey (TIGCR-TGBS 2018). The principal investigators of multi-year project TIGCR are Professor Chi Huang (National Chengchi University) and Professor Chingching Chang (National Chengchi University). TIGCR- TGBS 2018 is the first year online survey data of the TIGCR government bureaucrats' panel survey on "Political attitude, Policy-making and Governance Communication in Taiwan". The principal investigators are Professor Chi Huang and Professor Chingching Chang. More information is on TIGCR website ((<http://tigcr.nccu.edu.tw/>)).
